Available in Attends® Advanced, Attends® Stretch, Attends® Bariatric, Attends Briefs, and Attends® Care Advanced Briefs

Available in Attends® Advanced and Attends® Stretch Briefs

Innovative core technology found in Attends® briefs — Advanced DermaDry™ and Rapid Lock® Dual Core — is thinner and more narrow than the core found in prior Attends® briefs.

Attends® Briefs with Advanced DermaDry™ offer a more absorbent, higher quality, thinner core.

Dry-Lock® Dryness Layer, found in Attends® Advanced and Attends® Stretch Briefs, maintains dryness and comfort by pulling wetness into the core, preventing moisture from resurfacing, reducing leakage, and improving skin dryness.

Barrier leg cuffs provide additional leakage protection around legs.**

***Feature not available on Attends® Care Advanced Briefs*

Sizing, Fit and Application

Attends® NEW briefs are easy to size for simple size selection.

Attends® Stretch Briefs are even easier with just two sizes.

Tear away sides offer fast, easy removal.

A single motion opens side panels for simple application by caregiver or user.

Indicator strip lines up nicely with patient or user for easy application and a centered fit.

Client and Patient Comfort

NEW Attends® brief's unique design with softer material is engineered for breathability and comfort.

Less bulky fit and higher leg cut improves flexibility, breathability and comfort.

Attends® briefs with Advanced DermaDry™ feature a thinner, more narrow dual core for additional comfort in groin area.

Soft, breathable material provides maximum softness and user comfort.
